

## InnoClean 400A Series with "FlexVent"

"FlexVent" is a Flexible Air Duct coated with "Germ Shield" Antimicrobial Coating AEM5700 - EPA registered

**Function:**

- 1/. Prevent Cross-contamination: Collect the pollutant air at a specific area for purification directly.
- 2/. Create "Negative Pressure": Direct the purified air outside the room.
- 3/. Create "Positive Pressure": Direct and purify the outside air inside the room.
